

# PATOSTREAMER

## CHANNEL

---

You are an average guy but a little bit of... Okay. Forget it. You are just a waste. You don't have a job, drink a lot, fight with your family members. Salt of the earth. And, yeah, you show your life in your films. And people like it because when they see your life, they can feel better with their own. Pathetic? Maybe, but you are popular, and at last, you have money.
